The City of Oneida Water Department 2025 Annual Water Quality Report is now available online at

<https://www.oneidacityny.gov/departments/water/index.php>

This document required by New York State Health Department and US Environmental Protection Agency contains valuable information about the City of Oneida Water Supply. The **2025 Annual Water Supply Statement** provides information on the source of the Cities drinking water, treatment provided, and water quality test results. If residents would like a hard copy, they may be picked up at Oneida City Hall, Oneida Castle & Wampsville Village Hall, Oneida Public Library, and Madison County Office Building or by contacting the Water Department office @ (315) 363-1490.
